- * Submitted to Code Enforcement Office no later than fifteen day prior to the date of hearing (at this next meeting of the board, the application will be reviewed and if approved a public hearing date assigned, in those cases where a 239 County Planning Referral is necessary, it would be advantageous for the applicant to submit his/her application as soon as practical to expedite application process)

The applicant has the burden of proving to the board that each requested variance is justified. Refer to "Guidelines for Applicants to the Zoning Board of Appeals"

As a quasi-judicial board the ZBA will balance the benefit to the applicant with any potential detriment to the health, safety and welfare of the community, and as required by law will consider the following points

Relating to Area Variance

- a. Whether and undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of said variance.
- b. Whether the benefit sought can be achieved by some other feasible method for the applicant to pursue.
- c. Whether the requested variance is substantial.
- d. Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district, and
- e. Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the board, but shall not necessarily preclude the granting of the area variance.

Relating to Use Variance

- a. The applicant cannot realize a reasonable return, provided that lack of return is substantial as demonstrated by competent financial evidence
- b. That the alleged hardship relating to the property in question is unique, and does not apply to a substantial portion of the district or neighborhood
- c. That the requested use variance, if granted, will not alter the essential character of the neighborhood;
- c. That the alleged hardship has not been self-created.

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
